

NOTICE ON FACE MASK REQUIREMENTS

PLEASE WEAR

•
A MASK

COVID-19 Restrictions Lifted

Gov. Doug Ducey lifted COVID-19 restrictions on Thursday, March 25, 2021, including largely stripping away local mask mandates.

CDC Guidelines COVID-19

As of May 13, 2021, the Centers for Disease Control and Prevention continues to emphasize mask-wearing. However, fully vaccinated people can resume activities without wearing a mask or physically distancing, except where required by federal, state, local, tribal or territorial laws, rules and regulations, including local business and workplace guidance.

Desert Foothills Dental Guidelines for COVID-19

This office abides by the Centers for Disease Control guidelines. Mask wearing in the office will be recommended for those patients who are not vaccinated. Fully vaccinated people will no longer be required to wear a mask in the office.

The safety of our patients and employees is our primary concern. Therefore, our team will continue to wear the masks, use barriers and social distance in the office until the nation is declared to have herd immunity. We must rely on the honor system for proof of vaccination, and it is therefore impossible to verify with certainty who has been vaccinated.
